Grief Groups February—April 2011

The Grief Recovery® Outreach Program

These are 12-week educational programs guiding participants in the return to a full life. The recovery process can enable one to achieve a sense of meaning and joy even though life is different. Participants follow a structured format using a text book with reading and writing activities. In each module, only the first four meetings are open to new participants. These programs meet weekly for two hours. The materials fee is \$15. Call 480-657-1167.
